Articles of Association

of Aivota Ltd.

A private company limited by shares incorporated under the Companies Law, 5759-1999

1. Interpretation and Preliminary Provisions

1.1 These Articles of Association shall govern the internal management of Aivota Ltd. (the "**Company**"), the rights and obligations of its shareholders, and the relationship between the Company and its shareholders, subject to the Companies Law, 5759-1999, as amended from time to time (the "**Companies Law**").

1.2 The Company is a private company limited by shares. The liability of each shareholder is limited to the amount unpaid, if any, on the shares held by such shareholder.

2. Limited Liability

The liability of the shareholders of the Company is limited. The liability of each shareholder for the debts and obligations of the Company shall be limited solely to the nominal amount, if any, remaining unpaid in respect of the shares allotted or issued to such shareholder by the Company.

3. Purpose of the Company

The purpose of the Company is to engage in any lawful business. Without derogating from the generality of the foregoing, the Company is expected to develop, commercialize, manage and operate an application, platform and related technologies in the field of artificial intelligence and augmentative and alternative communication systems, including solutions for special education and healthcare, Individualized Education Program tools, student-data systems of record, and professional tools for speech-language pathologists and other paramedical professionals.

4. Share Capital and Initial Allocation

4.1 The authorized share capital of the Company shall be 100,000 ordinary shares of no par value, or such other number and class of shares as may be determined upon incorporation or by a resolution of the shareholders in accordance with these Articles and applicable law.

4.2 Subject to issuance, allotment and applicable law, the initial founders' equity allocation shall reflect the commercial arrangement agreed between the founders:

Opher Suhami - 700 ordinary shares; Daniel Nadel - 300 ordinary shares, calculated on a fully diluted basis assuming only founders' equity.

4.3 Each ordinary share shall confer upon its holder equal rights to receive notices, attend and vote at general meetings, receive dividends and participate in distributions upon liquidation, subject to these Articles, the Companies Law, and any valid agreement binding the shareholders.

5. Share Certificates and Register of Shareholders

5.1 The Company shall maintain a register of shareholders in accordance with the Companies Law. The register shall include the names, addresses and identification details of the shareholders, the number and class of shares held by each shareholder, the date of allotment or transfer of such shares, and any other particulars required by law or determined by the Board.

5.2 The register of shareholders shall constitute prima facie evidence of the matters recorded therein. The Company shall be entitled to treat the person registered as the holder of any share as the absolute owner thereof, and shall not be bound to recognize any equitable, beneficial or other interest in such share unless required by law or ordered by a competent court.

5.3 Share certificates, if issued, shall be issued under the authority of the Board and shall specify the number and class of shares to which they relate and any amount paid or unpaid thereon. Subject to applicable law, the Board may determine whether share certificates will be issued, the form of such certificates, and the procedures for replacement, cancellation or consolidation of certificates.

5.4 If a share certificate is lost, destroyed, damaged or defaced, the Board may issue a replacement certificate upon such evidence, indemnity, undertaking, security and payment of expenses as the Board may reasonably require. Upon issuance of a replacement certificate, the original certificate shall be deemed cancelled.

5.5 No transfer of shares shall be effective against the Company until a duly executed share transfer deed, together with any supporting documents required by the Board, has been delivered to the Company and the transfer has been approved, if approval is required, and registered in the register of shareholders.

6. Lien on Shares

6.1 The Company shall have a first and paramount lien over all shares registered in the name of a shareholder, whether solely or jointly with others, for all debts, liabilities and obligations payable by such shareholder to the Company, including any unpaid amount in respect of such shares, interest, expenses and other amounts due under these Articles, any agreement with the Company, or applicable law.

6.2 The Board may enforce the Company's lien by selling the shares subject to the lien, in such manner as the Board deems reasonable, provided that no sale shall be made unless the debt or obligation has become due and written notice demanding payment has been delivered to the shareholder and remains unpaid for at least fourteen days after such notice.

6.3 The net proceeds of any sale shall be applied first in payment of the costs and expenses of enforcement, then in satisfaction of the amounts secured by the lien, and any balance shall be paid to the person entitled to the shares immediately prior to the sale. The purchaser shall not be bound to see to the application of the purchase money, and such purchaser's title shall not be affected by any irregularity in the sale.

7. Founder Vesting and Repurchase Rights

7.1 The shares issued to Opher Suhami shall be deemed vested as of the effective date of the founders' pre-incorporation agreement. The shares issued to Daniel Nadel shall be subject to a four-year vesting schedule commencing on such effective date, with a twelve-month cliff and monthly vesting thereafter over the following thirty-six months, unless otherwise determined by the Board or agreed in writing.

7.2 If Daniel Nadel ceases to provide services to the Company or is deemed a Bad Leaver prior to full vesting, the Company, or Opher Suhami if assigned such right by the Company, shall have the right to repurchase all unvested shares for a nominal price of US$0.01 per share or such other nominal amount permitted by applicable law.

7.3 For purposes of these Articles, "Bad Leaver" includes material breach, conviction of a felony, failure to perform agreed technical duties, or voluntary resignation before completion of the twelve-month cliff, subject to any mandatory legal requirements and any decision of the Board.

8. Intellectual Property

8.1 All intellectual property, including code, software, documentation, designs, inventions, know-how, trade secrets, algorithms, models, data and work product created, developed, contributed or otherwise provided by any founder, shareholder, officer, employee, consultant or service provider in connection with the Company's business shall, to the fullest extent permitted by law and subject to appropriate assignment documentation, be owned exclusively by the Company.

8.2 Any prior code or pre-existing technology contributed by Daniel Nadel and incorporated into the Company's business shall be subject to an exclusive, irrevocable, perpetual, worldwide, royalty-free and fully sub-licensable license in favor of the Company, including the right to use, modify, reproduce, distribute and create derivative works, all as contemplated in the founders' pre-incorporation agreement.

9. Board of Directors and Management

9.1 The Board shall consist of three directors. For as long as Opher Suhami holds more shares than Daniel Nadel, Opher Suhami shall have the right to appoint, dismiss and replace two directors. For as long as Daniel Nadel holds at least 10% of the Company's issued share capital, Daniel Nadel shall have the right to appoint, dismiss and replace one director.

9.2 Opher Suhami may elect to appoint only one individual as director on his behalf. In such case, that director shall have two votes on all matters brought before the Board, so that Opher Suhami's voting power at the Board level is preserved.

9.3 The quorum for a Board meeting shall be all appointed directors. If no quorum is present within thirty minutes, the meeting shall be adjourned to the same day in the following week, at the same time and place or such other time and place determined by Opher Suhami. At the adjourned meeting, the directors present shall constitute a quorum, provided that at least one director appointed by Opher Suhami is present.

9.4 Board resolutions shall be adopted by a simple majority of the directors present and voting. In the event of a tie, the director appointed by Opher Suhami shall have a casting vote.

10. General Meetings and Shareholder Approval

10.1 General meetings shall be convened, held and conducted in accordance with the Companies Law and these Articles. Except where a higher majority is mandatory under applicable law or expressly required by these Articles, shareholder resolutions shall be adopted by a simple majority of the voting power represented and voting at the relevant meeting.

10.2 Only fundamental changes, including liquidation of the Company or a material change to the core nature of the Company's business, shall require Daniel Nadel's consent, to the extent contemplated in the founders' pre-incorporation agreement and subject to applicable law.

11. Written Resolutions and Electronic Meetings

11.1 Subject to the Companies Law, any resolution of the shareholders or the Board may be adopted without convening a physical meeting, by written resolution, counterpart signatures, electronic signature, email approval, or any other written or electronic means evidencing consent.

11.2 Meetings of the Board or shareholders may be held by telephone, video conference or other electronic communication, provided that all participants can hear each other simultaneously and participate effectively. Participation by such means shall constitute presence in person at the meeting.

12. Officers and Day-to-Day Management

12.1 Opher Suhami shall have the right to appoint the Chief Executive Officer. The Chief Executive Officer shall have primary responsibility for day-to-day management, strategic direction, operational matters, hiring, termination of employment, and budget allocation within the approved annual budget.

12.2 Daniel Nadel is expected to serve as Chief Technology Officer and shall be responsible for core coding, software architecture, infrastructure and security, technical execution of the product roadmap, and management of technical resources and personnel, subject to the authority of the Board and the Chief Executive Officer.

13. Transfer Restrictions and Right of First Refusal

13.1 No shareholder shall sell, assign, transfer, convey, pledge, mortgage, encumber, grant any option or other right with respect to, or otherwise dispose of, directly or indirectly, any shares or any beneficial or economic interest in shares, except in strict compliance with this Section 13. Any transfer or purported transfer made in breach of these Articles shall be null and void, shall not confer any rights on the proposed transferee, and shall not be registered in the Company's register of shareholders.

13.2 A shareholder wishing to transfer any shares to a third party shall first deliver a written transfer notice to the Company and to the other founder. The transfer notice shall specify, in reasonable detail, the number and class of shares proposed to be transferred, the proposed price per share, the identity of the proposed purchaser, the consideration payable, the proposed closing date, all material terms and conditions of the proposed transfer, and copies of any offer, term sheet or agreement relating to the proposed transfer.

13.3 Upon receipt of a valid transfer notice, the non-transferring founder shall have a right of first refusal to purchase all, but not less than all, of the offered shares on the same terms and conditions set forth in the transfer notice. The right of first refusal shall be exercisable by written notice delivered to the transferring shareholder and the Company within twenty-one days following receipt of the transfer notice. Failure to deliver an exercise notice within such period shall be deemed a waiver of the right of first refusal with respect to that specific proposed transfer only.

13.4 If the right of first refusal is duly exercised, the closing of the purchase of the offered shares shall take place within thirty days after delivery of the exercise notice, or on such later date as may be required to satisfy applicable legal, regulatory or corporate approvals. At closing, the transferring shareholder shall deliver duly executed share transfer deeds and any other documents reasonably required by the Company, against payment of the purchase price in immediately available funds or in such other form of consideration specified in the transfer notice.

13.5 If the right of first refusal is not exercised within the applicable period, the transferring shareholder may complete the proposed transfer to the identified third-party purchaser, but only within sixty days after expiration of the exercise period, only for the number of shares specified in the transfer notice, and only on terms no more favorable to the purchaser than those offered to the non-transferring founder. If the transfer is not completed within such sixty-day period, or if the terms are modified in any material respect, the shares shall again be subject to the restrictions and procedures set forth in this Section 13.

13.6 Notwithstanding the foregoing, a founder may transfer shares to such founder's spouse, children, a trust established solely for the benefit of such founder or such founder's immediate family, or a legal entity wholly owned and controlled by such founder, provided that the transferee executes and delivers to the Company an accession undertaking, in form reasonably satisfactory to the Company, pursuant to which such transferee agrees to be bound by these Articles and any applicable founders' agreement or shareholders' agreement as if such transferee were an original party thereto.

13.7 Any permitted transferee shall hold the transferred shares subject to the same rights, restrictions and obligations that applied to the transferring founder immediately prior to the transfer, including any vesting, repurchase, confidentiality, non-solicitation, non-competition, drag-along and transfer restriction provisions, to the extent applicable. If a permitted transferee ceases to qualify as a permitted transferee, such shares shall be transferred back to the original founder or to another permitted transferee before such cessation becomes effective.

13.8 The Company shall not register any transfer of shares unless the Board has received evidence reasonably satisfactory to it that the transfer complies with these Articles, all required transfer documents have been duly executed, all applicable taxes and governmental fees have been paid or duly provided for, any required approvals have been obtained, the transferee has agreed in writing to be bound by the applicable obligations, and the transfer would not cause the Company to cease being a private company under applicable law.

13.9 The Board may refuse to approve or register a transfer that, in the Board's reasonable opinion, would violate applicable law, these Articles, any agreement binding the shareholders, restrictions applicable to the Company's securities, tax or regulatory requirements, or the private-company limitations applicable to the Company. A refusal to register a transfer shall be notified to the transferring shareholder within a reasonable time after the relevant transfer documents are submitted to the Company.

14. Drag-Along Rights

14.1 If Opher Suhami approves a sale, transfer, merger, share sale, asset sale, reorganization, consolidation, business combination or other transaction which results, directly or indirectly, in the sale of all or substantially all of the shares, assets or business of the Company, or in any third party acquiring control of the Company, Opher Suhami shall have the right to require Daniel Nadel and any permitted transferee thereof to participate in such transaction and to sell, transfer, vote, consent, execute documents and otherwise act in the manner required to give effect to the transaction, on the same material economic terms applicable to Opher Suhami, subject to this Section 14.

14.2 For purposes of exercising the drag-along right, Opher Suhami shall deliver written notice to the Company and to the other shareholders specifying the identity of the proposed purchaser, the nature of the proposed transaction, the expected consideration, the proposed allocation of consideration, the anticipated closing date, and the principal terms and conditions of the transaction. Such notice may be accompanied by copies of the relevant term sheet, share purchase agreement, merger agreement or other transaction documents, to the extent available.

14.3 Each shareholder subject to the drag-along right shall, promptly upon request, execute and deliver all agreements, instruments, share transfer deeds, powers of attorney, consents, waivers, resolutions and other documents reasonably required in connection with the approved transaction, vote all shares held by such shareholder in favor of the transaction, refrain from exercising any dissenters', appraisal or similar rights to the extent waivable under applicable law, and take all other actions reasonably necessary or desirable to consummate the transaction.

14.4 The consideration payable to the dragged shareholders shall be of the same form and on the same price-per-share basis as the consideration payable to Opher Suhami, subject to differences arising from the class, number or vesting status of the relevant shares, applicable escrow, holdback, adjustment, indemnity or similar arrangements that apply proportionately to all selling shareholders, and any limitations or conditions imposed by the purchaser or applicable law.

14.5 No dragged shareholder shall be required to provide any representation, warranty, covenant or indemnity other than customary several representations concerning such shareholder's title to the shares, authority, capacity, absence of conflicting agreements, and ability to transfer the shares free and clear of liens. Any indemnity or post-closing liability of a dragged shareholder shall be several and not joint, shall be limited to such shareholder's proportionate share of the consideration actually received, and shall not include liability for fraud, willful misconduct or breach by any other shareholder.

14.6 Each dragged shareholder shall bear such shareholder's proportionate share of transaction expenses, escrow amounts, purchase price adjustments and similar obligations, to the extent such amounts are borne by the selling shareholders generally and are not paid by the Company or the purchaser. No shareholder shall be required to agree to a non-competition, non-solicitation or other personal restrictive covenant in favor of the purchaser beyond restrictions that are expressly set forth in these Articles, the founders' agreement, or any separate agreement signed by such shareholder.

14.7 To secure the performance of the obligations under this Section 14, Daniel Nadel and each permitted transferee thereof irrevocably appoint Opher Suhami, and any person designated by him, as attorney-in-fact, with full power of substitution, to execute and deliver, in the name and on behalf of such shareholder, any instrument or document required to implement an approved drag-along transaction if such shareholder fails to do so within the time required. This power of attorney is coupled with an interest and is intended to be irrevocable to the fullest extent permitted by law.

14.8 The Company shall be entitled to update its register of shareholders, cancel and reissue share certificates, if any, and take all corporate actions necessary to reflect the completion of any valid drag-along transaction. Any refusal or failure by a dragged shareholder to comply with this Section 14 shall not prevent completion of the transaction and shall constitute an irrevocable instruction to the Company to give effect to the transfer in accordance with the approved transaction documents and applicable law.

15. Dilution, Pre-emptive Rights and Future Financings

15.1 All shareholders shall be subject to proportional dilution in connection with bona fide issuances of shares, options, convertible securities or other equity-linked instruments approved by the Board and, where required, by the shareholders, including issuances to investors, employees, consultants, service providers or in connection with an employee option pool.

15.2 No founder shall have any special anti-dilution protection unless expressly provided in definitive investment documents or other written agreements approved in accordance with applicable law.

15.3 Unless otherwise resolved by the Board or required by mandatory law, existing shareholders shall not have any statutory, contractual or other pre-emptive right, right of first offer, right of first refusal or similar participation right with respect to the issuance or allotment of new shares, options, convertible securities or other equity-linked instruments by the Company. Any such rights, to the extent existing under law and capable of waiver, are hereby waived to the maximum extent permitted by law.

16. Dividends and Distributions

16.1 The Board may, subject to the Companies Law and any applicable solvency, profit, capital maintenance or other mandatory requirements, declare and authorize the payment of dividends or other distributions to shareholders in proportion to their respective holdings of the relevant class of shares, unless the terms of issue of any class provide otherwise.

16.2 The Board may determine the record date for entitlement to any dividend or distribution, the time and method of payment, the currency of payment, and any procedures for withholding tax, rounding, set-off or payment to joint holders. No dividend or distribution shall bear interest against the Company unless expressly determined by the Board.

17. Capitalization of Profits and Bonus Shares

Subject to applicable law, the Board may resolve to capitalize any profits, reserves, share premium or other amounts standing to the credit of the Company and apply such amounts in paying up unissued shares, debentures or other securities to be issued to shareholders as bonus shares or bonus securities, in proportion to their respective holdings or in such other manner permitted by law.

18. Borrowing Powers

The Company and the Board shall have full power, subject to applicable law and any required approvals, to borrow money, obtain credit, issue guarantees, create pledges, mortgages, liens, charges or other security interests over the Company’s assets, issue debentures, bonds, notes or other debt instruments, and otherwise finance the Company’s business on such terms as the Board may determine.

19. Exemption, Indemnification and Insurance

19.1 Subject to the Companies Law, the Company may exempt, indemnify and insure any director, officer, employee, controlling shareholder or other person serving the Company, to the fullest extent permitted by law, in respect of any liability, expense, loss, judgment, settlement, fine or other amount incurred by reason of such person's acts or omissions in such capacity.

19.2 The Company may enter into indemnification agreements and purchase and maintain directors' and officers' liability insurance, professional liability insurance or other insurance policies for the benefit of such persons, including in respect of proceedings, claims or investigations by third parties, shareholders, regulators or the Company itself, all subject to the limitations and approval requirements prescribed by law.

20. Conflicts of Interest and Interested-Party Transactions

A director, officer or shareholder who has a personal interest in any transaction, arrangement or matter involving the Company shall disclose such interest to the Company as required by the Companies Law. Any interested-party transaction, including any transaction with a founder, director, officer, controlling shareholder or their relative or affiliate, shall be approved in accordance with the Companies Law and any additional approval requirements adopted by the Company.

21. Confidentiality

21.1 Each shareholder, director and officer shall keep confidential all non-public information relating to the Company, its technology, products, business, finances, customers, suppliers, employees and operations, except as required by law or as authorized by the Company.

21.2 The confidentiality obligations under these Articles shall continue after a person ceases to be a shareholder, director, officer, employee, consultant or service provider of the Company.

22. Non-Competition and Non-Solicitation

22.1 During the period in which a founder is employed by or provides services to the Company, and for a period of twenty-four months thereafter, such founder shall not, directly or indirectly, lead, manage, advise or be engaged in any business, venture or activity that competes directly with the specific business or technology developed by the Company at the time of departure, to the maximum extent enforceable under applicable law.

22.2 During the same restricted period, a founder shall not directly or indirectly solicit, recruit or hire any employee, contractor or consultant of the Company, or solicit or divert any customer, client or strategic partner of the Company with whom such founder had contact or about whom such founder acquired confidential information.

23. Notices

Any notice or communication required or permitted under these Articles shall be in writing and delivered personally, by courier, registered mail or electronic mail to the address or email address last provided to the Company by the relevant shareholder, director or officer. Notices shall be deemed received upon delivery, confirmation of email transmission, or such other time as prescribed by applicable law.

24. Governing Law and Arbitration

24.1 These Articles shall be governed by and construed in accordance with the laws of the State of Israel, without regard to conflict-of-law principles.

24.2 Any dispute, controversy or claim arising out of or relating to these Articles, including their breach, termination, interpretation, validity or enforcement, which cannot be resolved amicably within fourteen days, shall be finally resolved by binding arbitration before a single arbitrator. If the parties fail to agree on the arbitrator within seven days of a written request for arbitration, the arbitrator shall be appointed by the Chairman of the Israel Bar Association at the request of either party.

24.3 The seat and venue of arbitration shall be Tel Aviv-Jaffa, Israel. The arbitration shall be conducted in Hebrew. The arbitrator shall be bound by the substantive laws of the State of Israel but shall not be bound by rules of procedure or evidence, and shall issue a reasoned written award.

24.4 Notwithstanding the foregoing, any party may apply to the competent courts of Tel Aviv-Jaffa for preliminary injunctive relief or other interim judicial measures necessary to protect its rights or property pending the appointment of an arbitrator.

25. Miscellaneous and Priority of Documents

25.1 These Articles are intended to reflect and implement the principal corporate and governance arrangements set forth in the founders' pre-incorporation agreement and any shareholders' agreement entered into by the shareholders. As between the shareholders inter se, such agreement shall continue to bind them in accordance with its terms. As regards the Company's corporate organs, share register and matters required to be governed by articles of association, these Articles shall apply, subject always to mandatory provisions of applicable law.

25.2 In the event of any inconsistency between these Articles and any founders' agreement or shareholders' agreement, the parties shall, to the maximum extent permitted by law, interpret and apply the documents so as to give effect to the agreed commercial intent. If such inconsistency cannot be reconciled, mandatory law shall prevail, and the shareholders shall take all reasonable steps, including voting their shares and causing their appointed directors to act, to amend the relevant document so as to give effect to the agreed commercial arrangement to the maximum extent permitted by law.

25.3 If any provision of these Articles is held invalid or unenforceable, such provision shall be interpreted, modified or limited to the minimum extent necessary to make it valid and enforceable, and the remaining provisions shall remain in full force and effect.

25.4 No amendment to these Articles shall be effective unless adopted in accordance with the Companies Law and these Articles.

26. Adoption

Adopted by the founders and initial shareholders of the Company on August 31, 2026.

Founder / Shareholder: ____________________________ Opher Suhami

Founder / Shareholder: ____________________________ Daniel Nadel
