2. Information Collection & Legal Basis

We collect information under **Section 11 of the Israeli Privacy Protection Law**. Providing this information is **voluntary**; however, failure to provide it will prevent the use of the Aivota platform.

- **Sensitive Data:** We collect medical diagnoses (e.g., Rett Syndrome), physical capabilities, and eye-movement data. **Explicit, granular consent** is required for this collection.
- **Generative AI Training:** In accordance with **California AB 2013**, we disclose that our AI models are trained on [Describe Data Sources, e.g., proprietary AAC interaction logs and licensed linguistic datasets]. We do not use your personal private conversations to train "Global" models without an additional, specific opt-in.

3. Purpose of Processing

- To facilitate real-time communication for non-verbal users.
- To calibrate and personalize dynamic AAC boards.
- To improve our **Proprietary Symbol Set** (using de-identified, aggregated data).

4. Data Sharing & Third Parties

We do not "sell" your data. We share data only with:

- **Cloud Providers:** Secure servers (AWS/Google Cloud) located in [Region, e.g., Israel/Ireland/USA].
- **Healthcare Professionals:** Only upon your specific request and authorization.

5. Your Rights (Israel & US)

- **Access & Correction:** You have the right to inspect your data per Section 13 of the Israeli Law.
- **Right to Deletion:** You may request data deletion. Under the **California Delete Act (2026)**, we honor requests submitted via the **DROP (Delete Request and Opt-Out**

Platform).

- **Automated Decision-Making:** You have the right to receive information about the logic behind our AI's communication predictions (per 2026 CCPA updates).

6. Data Security & Retention

- We adhere to the **Israeli Privacy Protection Regulations (Data Security) 5777-2017**.
- Data is encrypted both at rest and in transit.
- **Retention:** We retain sensitive health data only as long as your account is active or as required by law.

7. International Data Transfer

If data is transferred outside of Israel, it is done so in accordance with the **Transfer of Data Regulations (5761-2001)**, ensuring the recipient country provides an adequate level of protection (e.g., EU/UK/US adequacy).
